

## WCSD Student School Climate Survey: Pine Middle School Preliminary School Report, Spring 2011

This report contains your school’s student responses to the WCSD Student School Climate Survey, administered in May 2011. Further analysis and detail will follow in early fall 2011 along with a district report that will break out responses by school types. District responses and the survey instrument are included at the end of the report.

**Notes**

“Don’t Know” or “N/A” response options were not included for non-safety items, which gave the respondent a choice to either skip the question or to choose the middle neutral response option. As such, the percentage of respondents who selected the middle option “neither agree nor disagree” could also include students who would have selected “Don’t Know” or “N/A” if they have been given the option.
