

Katelyn's resolution is: I will start using my personal dictionary more.

I want to get a job to take care of my pets.

If I had a sister or brother, I would help them with their homework.

I will start compromising in games that my friends want to play.

I will start picking up trash that my neighbors throw in the pit so there is no pollution in the pit. I'm going to pick up trash at the beach and in the ocean. I'm going to pick up trash when I go hiking with my mother. I'm going to start feeding hungry my grandma's back yard. I'm going to feed geese and ducks bread in the park with my dad.
